Cobble Stone Supply LLC

About Cobble Stone Supply LLC :

Cobblestone Supply, We have over a century of combined experience in the stone industry. Owning our queries and factories will always ensure top quality in the Hardscaping and Landscaping industry.

Round Pebbles : Pebbles are smooth semi rounded stones used for Garden decorative purposes. Commonly used as ground cover, it is used externally to create multi-textured pathways, gardens mulch and decorate drains.

Available Pebble Sizes: White and Black 1"-2" and 2"-3" and fancy pebbles in colors such as Blue, Green, Tan, and a mix option in sizes ranging from 1" to 3" customized as per orders..

Production process : After the River pebbles are extracted from the Himalayan region, they undergo a rigorous process which includes sizing and sorting to ensure similarity in shape and size. Following this, color separation and color enhancement techniques are employed to enhance the natural beauty of the Pebbles.

Quality control procedure :We maintain the highest standards to ensure the safety and efficiency of our products. At our facility, we adhere to strict inspection quality control measures in both our conveyor belt systems and Hand Sorting operations.

Packaging; Packaging done on standard 50 lb Poly bags (65 Bags/Crate). Our packaging process includes conducting a Bag test, labeling the size of the packaging, and creating. Crates shrink wrapping to make it weather resistant. Each crate is labeled with all relevant information and includes a chart to help maintain your inventory control.

Each bag of Pebble can cover up to 0.25 yards depending on the laying process, offering a cost-effective and efficient solution for your landscaping needs. With uniform color and size, our Pebble is durable and long-lasting, free from any chips in the bag. Unlike mulch and gravel, our Pebble is designed to withstand weathering & washing away, ensuring longevity and durability for your landscaping endeavors.

Manufacturers warranties are extended based on products and Uses.

Cobblestone's rich heritage guides us still today as we remain focussed on innovation and excellence for our customers. We have and we will continue for the industry in the next 25 years and beyond. We are located in Northern New Jersey USA.

Additionally, we have many products for your landscaping project like Cobblestone, Steps, Threads, Pier caps, Wall caps, Slabs and Stepping stones etc.
